## EDUCATION

**Temple University: College of Science and Technology**, Philadelphia, PA

B.S., Computer Science

Expected Graduation: July 2021

## TECHNICAL SKILLS

Python	MySQL	Axure
C	SQLite	Linux
Java	Ajax	Windows
JavaScript	Git	Unit Testing
HTML/CSS	Flask/Jinja	Object Oriented Programming
Bootstrap	UX Design	Bash Scripting

## TECHNICAL PROJECTS

### Recipe Book Web Application

- Created a reliable, secure, and maintainable web app
- Utilized HTML, CSS, JavaScript, JSP, AJAX, UI design, and Database/SQL
- Implemented client and server side programming
- [http://cis-linux2.temple.edu:8080/FA20\\_3308\\_tuk01723](http://cis-linux2.temple.edu:8080/FA20_3308_tuk01723)

### Linux Shell Simulation

- Coded a simulation of a Linux shell in C that allows for both built-in and external commands
- Input/output redirection, piping, and background execution were implemented using file descriptors

### Sign-In Application

- Group project in which we created a customizable sign in web app using a Flask backend, HTML/CSS frontend with Jinja templates, a SQLite database, and auto-updating Plotly graphs
- Hosted on a Raspberry Pi
